

July 23, 2017

1. My motivation for running for City Council District 8 is wanting the citizens of District 8 to see, feel, and touch changes. I'm very displeased with the conditions we are living in, public safety, jobs, neighborhoods, and economic development.
2. My greatest virtues is Virtuous. I will tell people the truth and have enough dignity to tell them the outcome whether good or bad. Being a mother with moral character emphasizing the consequences of actions. Keeping GOD first.
3. Mt. Hebron Baptist Church in Bessemer. Daily. I walk with JESUS within me everyday and my actions reflects my beliefs.
4. Strong belief in GOD. Knowing my karma will come back on me or my children.
5. Respecting the mayor at all times and letting the mayor know I was elected by the citizens and I must advocate for the citizens.
6. "NO" The citizens have spoken!!!!
7. Ask for a monthly report in writing where me and my staff can review.
8. I must research first and find more information.
9. Wants are desires to possess or do for the District. Needs cannot be avoided. (Example wants funding for parties, needs overgrown lots.)
10. Challenges - Police, Public Safety, blight of abandoned houses, streets, and overgrown lots.
Assests- Land, Finances, and Grants received.
11. Over 25 years, Bad for us that have children. We pray every second of the hour for our children safety, and education, asking GOD to help protect them from evil.

Police budget must be increased so they can start patrolling more in the neighborhoods.

12. Mother not a politician. Have served as Ensley Highlands President, Vice President, and Secretary. Sometimes having to work in all three positions by myself. Bush Middle School PTA President and an advocate for trying to keep Bush Middle School open. Girl Scout Troop Leader. I will be coming with a change you can see, feel, and touch. Always just spoke on the truth and didn't ask for publicity.
13. Mentoring some of our parents on how to be a parent that seeks the services to improve parenting skills. Mentoring our youths that are reachable showing them LOVE is WHAT LOVE do!!!!!!
